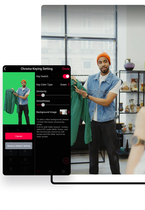
Elevate Your Stream with Multiple Angles.

Showcase the products from different angles by connecting multiple cameras that adjust with beautiful layouts. YoloMax supports 2 HDMI in ports and 1 USB in port for closeup & wide-angles to create the best viewing experience for the shoppers.

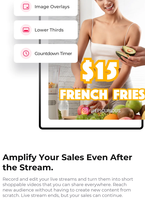
Create Engaging Background with Chroma Key.

Professional-level green screen effect made easy with YoloMax. No complicated techniques required. With just a few taps, you can easily set up your real background and change it during the stream according to the topic, your script, or the response from your audience.



Stand Out with Various Graphic Overlays.

Brand your live streams like a pro with a bunch of built-in graphic overlays. Add lower thirds, countdown timers, custom logos, countdown timers and more. Graphics add a professional and polished look to any live stream and help you stand out from your competitors.



Amplify Your Sales Even After the Stream.

Record and edit your live streams and turn them into short videos with YoloMax. Share your highlights and create new audience without having to create new content from scratch. Live stream ends, but your sales can continue.
